### Applications:

Star-Max<sup>®</sup> gas hot plates are designed for years of maintenance free operation and reliable cooking performance. Whatever the menu item, Star-Max hot plates will out perform the competition.

### Quality Construction:

Star-Max<sup>®</sup> hot plates are constructed of stainless steel fronts and bull nose to provide control knob protection. The body and drip pan are constructed of aluminized steel for long lasting durability. Units are shipped from the factory for operation on natural gas. Propane gas conversion can be accomplished in the field by changing orifices (supplied with units) and regulator setting.
