Commercial Duty Motors

# Salvajor FOOD WASTE DISPOSERS

SALVAJOR DISPOSERS HAVE ALL THE STRONG POINTS INSIDE AND OUT...

because the value of Salvajor lies not only in it's appearance, but in it's advanced technology as well.

**Quiet Operation**

This rubber mounting adapter isolates sound and eliminates vibration.

**Dual Direction Cutting Elements**

Heavy ductile iron austempered for long life.

**Permanent Mold Body**

A heat treated corrosion resistant aluminum alloy, CNC machined to a chrome-like finish for maximum sanitation.

**Heavy Duty Energy Efficient Motor**

This motor is water cooled for maximum efficiency and longer life.

**Mixing Chamber**

Large in order to properly mix water with waste before it enters the waste line.

**Thermal Overload Protection**

Reduces the risk of motor burnout and assures longer life.

**Precision Machined Wear Sleeve**

Close tolerances and hardened stainless steel provides long seal life.

**Extended Teflon Lip Water Seal**

Protects the motor from water damage.

**Tapered Roller Bearing**

Provides long motor life, quiet operation and a superior shock absorbing system.

**Drain Outlet**

Long life rubber facilitates easy installation and eliminates vibration.

**Tapered Motor Insert**

Easily removed to eliminate extended downtime. (Models 300-750 only)

Exterior housing is molded of 356 aluminum alloy and T-6 heat treated for even more durability and corrosion resistance.

The water-cooled motor provides maximum energy efficiency and longer motor life.

A large vertical mixing chamber insures for a better mixture of water to waste, helping to eliminate drain backup.

5 cutting rotors in order to match horsepower with grinding capacity.

Replacement of all major brands with a Salvajor disposer is made easier and quicker using Salvajor adaptor mounting kits.

Models 75 thru 200 easily fit under a 14" deep sink without modification. Our short top housing allows models 300 thru 750 to also fit under 14" deep sinks.

The offset chute prevents insertion of hands into the disposer and is best suited for correctional kitchens.

Today's Salvajor disposers are the result of a half century of innovation. Every Salvajor disposer benefits from exclusive features.

Horsepower: 3/4, 1, 1 1/2, 2

Horsepower: 3, 5, 7 1/2

**Disposer Cone Bowls**

Choose the cone size that best suits your scrapping needs. We manufacture sizes in 12, 15 and 18 inch diameters with optional covers to match.
